A Modern Lazarus.

Inherited blood diseases are much more difficult to cure than those which are acquired. One of the most common hereditary diseases is Scrofula, which the medical profession admit is most obstinate and deep-seated, and their efforts to cure it meet with little success. A child afflicted with Scrofula is always puny and sickly, and can never grow into healthy manhood until the disease is eliminated. Scrofula leads into consumption nine times out of ten, so that it is important for this reason that immediate attention be given to all children who inherit the slightest taint.

Mrs. S. S. Mabry, 360 Elm St., Macon, Ga., writes:
"My boy, Charlie, inherited a scrofulous blood taint, and from infancy was covered with terrible sores, his sufferings being such that it was impossible to dress him for three years."

CHARLIE MABRY

His head and body were a mass of sores, and his nose was swollen to several times its natural size; to add to his misery he had catarrh, which made him almost deaf, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse until his condition was indeed pitiable. A dozen blood remedies were given him by the whole sale, but they did not do the slightest good. I had almost despaired of his ever being cured, when by the advice of a friend we gave him S.S.S. (Swift's Specific), and at first the inflammation seemed to increase, but as this is the way the remedy gets rid of the poison, by forcing it out of the system, we were encouraged and continued the medicine. A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health."

Mr. A. T. Morgan, one of the prominent druggists of Macon, and a member of the board of aldermen of that city, says: "I am familiar with the terrible condition of little Charlie Mabry, and the cure which S.S.S. effected in his case was remarkable, and proves it to be a wonderful blood remedy."

S.S.S. is the only cure for deep-seated blood diseases, such as Scrofula, Rheumatism, Cancer, Eczema, Catarrh, etc. It is the only blood remedy guaranteed

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention The Paris (Ky.) News and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer. (21sp-1mo)
